Bacciardi Partners provided assistance to the Belgian company Uplift International Holding BV in the acquisition of a shareholding interest in the capital of JM ENTERPRISE Srl.

JM ENTERPRISE Srl is a company specialized in the design, planning and production of state-of-the-art aerial refueling vehicles, tanker vehicles for the transport of liquids and special outfitting for airport environments.

Uplift International Holding BV represents an international player in the aviation refueling industry. Uplift International Holding BV's goal is to accelerate the industry's transition to sustainable aviation by offering independent and agile refueling services.

Bacciardi Partners acted with a team composed of senior associate Gianluca Bastianelli and junior associate Giovanni Bigotti under the coordination of partner Pier Federico Orciari (Picture).

The legal assistance covered the entire acquisition process from the preliminary agreements, to the negotiation and finalization of the SPA (Share Purchase Agreement), as well as ancillary agreements for the governance of the company JM ENTERPRISE.
